

Wetaskiwin Petroleum Ltd. Submits Proposition

Public School Board Demands \$23,000. Delegates to Firemen's Convention Petitions Presented. Accounts Passed.

The regular meeting of the City Council was held in the council chamber on Tuesday evening, with Mayor Ellis, Ald. MacEachern, Gothard, Gross and Wallace present.

The minutes of the last regular meeting held on July 7, 1914, were submitted in writing. Gross-Gothard-That minutes as submitted be adopted.

Dr. Stevenson's medical health report for the month of June was received and filed.

Geo. B. Campbell gave a report on interview with the Minister of the Interior, respecting oil and petroleum rights for the city. It was moved by Gothard-Gross-That letter be filed and Mr. Campbell be thanked for his services in the matter.

Watt & Watt wrote on behalf of Wetaskiwin Petroleum Ltd., enclosing memoranda setting forth the terms upon which the company would be prepared to take over the city's oil rights. The full text of the proposition is as follows:

1. The City of Wetaskiwin to give to Wetaskiwin Petroleum Limited an option open for three months to take over the contracts for sinking two gas wells between the said city and the International Supply Company, Limited, with power to the said company or its assignees to supersede the said contracts and enter into a new contract or contracts with the International Supply Company, Limited, or others with a view of sinking the said gas wells or either of them to a depth of three thousand feet or more for the purpose of obtaining oil, the terms of any new contract or contracts to be approved on behalf of the City.

2. The said Company or its assignees to have the right to sink eight additional oil wells within the territory, the gas and petroleum rights of which have been reserved by the Dominion Government to the City at such points as the company or its assignees may select.

3. All gas obtained to be taken by the city for its exclusive use.

4. The city to contribute the sum of fifteen thousand dollars towards the costs of each of the first two wells which shall be situated within one mile of the present C.P.R. station depot to the City.

5. In the event of oil being obtained in commercial quantities from any of the wells sunk by the company or its assignees, ten per cent of the net annual proceeds obtained from the production of oil from said wells for all time to come to be paid to the city annually.

6. If the company or its assignees find gas at the depth of fifteen hundred feet or less in either of the said two wells and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

7. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

8. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

9. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

10. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

11. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

12. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

13. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

14. The company or its assignees shall be bound to drill to a depth of fifteen hundred feet in each of the said wells, and if by going to a greater depth, such gas is lost, the company or its assignees shall in the event of their finding oil in commercial quantities in either of the said wells, be bound to drill to a depth of fifteen hundred feet in each of the said wells.

Town Topics

The Star Store's great 10 days Midsummer Sale will start on August 1. Watch for their full page ad. next week.

Miss Eleanor Matthews and niece, of Daysland, have been spending several days in the city visiting relatives and friends.

Miss Alken, stenographer in the office of Odell and Russell, is spending her vacation with relatives in Calgary and Millet.

Mr. J. H. Robinson and family leave tomorrow for Pigeon Lake, where they will camp for the next two or three weeks.

Miss Underwood of Innisfail was in the city this week visiting at the home of Mrs. E. Merner. She returned home Tuesday evening.

Miss McDermid, of Edmonton, formerly of the Alexandra school, teaching staff, is spending part of the vacation season with friends in the city.

Farmers having samples of early grain, or good samples of any product, will confer a favor by bringing them to The Times office at any time.

Mr. and Mrs. Harper, of the Carman (Man) Standard, were in the city last week visiting at the home of Sheriff and Mrs. Dickson. Mrs. Harper is a sister of the sheriff.

Word reaches us that E. W. Thirk has gone into business with his brother, L. Thirk, at Millbank, So. Dakota. Wesley has a host of friends at Bawlf that wish him unbounded success.

The telephone poles throughout the city, which have been used as hitching posts for farmers' horses, have been covered with galvanized iron to prevent the animals from destroying them.

Another business deal was concluded last week, when Rex Dayton disposed of his teaming and drayage business to Loveland and Eby, of Camrose. They took possession on Thursday last.

The teachers who have been reading Grade IX examination papers here have concluded their duties and left to spend their vacations on Wednesday morning. Inspector Boyce of Red Deer had charge of the work.

A large number of the young people of the city spent the week-end at Gull Lake, returning Monday. Mr. and Mrs. Wright, Mrs. MacKay, and Miss O'Brien and Mrs. Lloyd were seen this week to spend their vacation.

Geo. B. Campbell left last week for Winnipeg, on business. It is expected that he will return to the city the latter part of this week.

Mrs. J. F. Porter and daughter, Edith, left a few days ago to visit friends in Saskatchewan and Winnipeg.

Miss Emma, who has been in the employ of the Canadian Bank of Commerce at Millbank, Sask., arrived in the city on Monday morning, and will now make Wetaskiwin her home. She left on Wednesday for Gull Lake, where she will spend a few days with friends.

The work of laying the "metre walk on Railway street east has been completed, and the walk on McDonald street, fronting the Alexandra school is now in progress. The latter around the school ground has been removed, which adds materially to the appearance of the property.

Among those who attended the provincial medical convention, held at Medicine Hat last week, were Dr. Nordbye, of Wetaskiwin. The doctor reports having spent an enjoyable and profitable time. One of the live questions discussed was the treatment of tuberculosis in the province.

Port of the drilling outfit of the Blindman Valley Oil company is sidetracked here, and has the effect of keeping up the interest in the oil prospects of this district. The latter company intends drilling on one of its holdings about twenty-five miles to the southwest of the city, and the outcome of the well will be watched with the keenest interest.

Boys should remember that J. W. Bafey is offering a registered pure bred Duroc Jersey pig, male or female, for the heaviest and healthiest service pig any breeder shown at the Wetaskiwin exhibition, and raised by boys under sixteen years of age. A second prize of \$10.00 in gold is being given by H. W. Wright, of the Imperial Bank of Canada.

Beginning on Saturday, August 1, the Star Store's great Annual Midsummer Sale will be inaugurated. It will exceed any of their previous sales.

The preparations for drilling operations at the gas well are now almost completed, and it is expected that drilling will be commenced by the end of the week. The delay has been caused by the non-arrival of some of the machinery, but now that the necessary parts have at last arrived, the contractors will lose no time in hurrying the drill to contract depth.

Rumor has it that several oil explorers are investigating the conditions in the Wetaskiwin district with a view to the interests of outside companies. Although they have not communicated their impressions of the possibilities of oil in the district to the public yet, judging from the amount of filing which has taken place, it may be considered that their reports to their principals have not been unfavorable.

Ben Hillgarner has just concluded the erection of one of the finest barns in the district, on his farm adjoining the city, which he has named "The Fairview Stock Farm."

The barn is 36x50 feet, and has accommodation for thirty head of horses, and about fifty tons of hay. It is conveniently laid out, and is one of the most comfortable barns in Western Canada. Levy Dehl had the contract.

Friends in the city of Mr. and Mrs. O. H. Anderson this week received the announcement of the marriage of their daughter, Miss Hazel Juliet, to Dr. W. W. McKinnon, which happy event took place at Ban Claire, Wis., on Wednesday, July 15. They left on Saturday, August 1, for Chatham, Ontario.

The host of friends of the bride in Wetaskiwin, and vicinity join in extending the warmest congratulations.

A popular wedding took place at the home of the bride on Wednesday afternoon, when two well known Wetaskiwin residents were united in the bonds of holy matrimony. The bride, Miss Hazel Juliet, daughter of Mr. and Mrs. O. H. Anderson, was assisted by Miss May Parsons, while Mr. Brin T. Watson performed the duties of a groomsmen. The ceremony was performed by Rev. W. L. Wright, in the presence of only a few of the most intimate friends and relatives.

At the home of the bride on Wednesday evening, however, a large number of friends assembled at the house, and a good time was spent until an early hour. We join in extending the warmest congratulations.

SPORTS SPORTS SPORTS

A meeting of all those interested in the holding of one of the big sports, embodying a CATHLAMPTIAN PARADE, MOTOR RACES, BASEBALL TOURNAMENT and GENERAL ATHLETIC SPORTS, will be held in the Council Chambers on Wednesday evening, July 29, at 8 o'clock sharp.

The features of such a sport day would be an entirely new departure for Wetaskiwin and should prove a big hit.

The Cathlamptian Parade and Automobile Race should be of special interest to all owners of autos in the city.

As large an attendance as possible is wanted at this meeting.

Wetaskiwin Exhibition To Be Banner Fair

Arrangements Progressing Satisfactorily. Everybody Should Prepare Exhibits and Assist. Good Racing Program Announced.

The public is reminded that only about four weeks elapse before the holding of the Wetaskiwin Exhibition, which this year takes place on Friday and Saturday, August 28 and 29. The officers and directors are determined to make this the best exhibition in the history of the organization, and with this object in view the prize list has been thoroughly revised—and a number of additional classes added. In addition to this an interesting race program has been announced, and the money offered should induce many of the fastest horses in the country to compete. The race program is published elsewhere in this issue.

A number of special attractions are being arranged, which will be announced later. The musical part of the occasion is not being overlooked and the public is assured that there will be lots of music, and that the best.

Many farmers of the district, and the ladies especially, have been doing excellently in furthering the interests of the fair for years, but there are many who never lent a hand. The officers and directors have given freely of their time, and are doing everything in their power to make the Wetaskiwin fair this year the banner exhibition. But they cannot do this alone, they should receive the sympathy and co-operation of ever resident in the city and district. Look over the prize list which has been mailed you, and see if there is a class in which you can show something you have on the farm or in the home, whether it be stock, low, manufactured articles, educational work or flowers. It may be only a small exhibit, yet it may win a prize. Every year many go home from the fair and say that the exhibits were not as good as are to be found on their own farm. Why not bring these things out and let the public see them? If they win a first or second prize the result will be a cash consideration as well as

LOST—On or about July 19, from A. T. Womack's farm, Wynne, one Duroc Jersey Sow, color red, with one short ear. Suitable reward offered for information leading to recovery. A. T. Womack, Wynne, P. O. 18-4t.

LOST—On or about April 2, 1914, one roan mare, weight about 1,000 lbs. Branded on right hip, and with scars on front feet, white strip on face. \$10 reward will be paid for information leading to recovery. Apply Frank Gardner, Flagler Home P. O. 18-4t.

EDMONTON POLICE FORCE IN LANCEY'S REGIME VIBRANTLY DENOUNCED

The report of the police investigation, was submitted to the city council tonight. It is a strong arraignment of the police administration, and describes the general conditions revealed by the investigation as "the most serious police character."

The report is a voluminous one of thirty pages and deals very fully with all the evidence that has been adduced. His lordship suggested that as a good deal of the evidence that had been given was inconclusive and as many of the witnesses left the city hurriedly before the inquiry was opened, in a way that led to the suggestion that they were got out of the way by others who might have been implicated by the evidence, the report be treated as an interim one, and that the authority conferred by the council for the inquiry be extended, also that a tribunal be established if any further evidence comes to light. The council deferred discussing the matter for a week and adjourned until the 29th inst.

Mr. Justice Scott made a scathing indictment of the force on February 1 of this year, which was the date when Chief Lancelotti assumed office. His lordship states that the police force is in a state of anarchy, and that the policy of the administration was regarding prostitution, but, conflicting or not, there does not seem to be any doubt as to the fact that the police, emanated from, who was responsible for its being put into operation.

Commissioner Booth, who was in charge of the police department, also comes in for a lion's share of criticism and censure. Mr. Justice Scott cannot avoid the conclusion that Commissioner Booth was in complete accord with the policy pursued by the police force, of allowing houses of prostitution to run.

Dealing with the mayor and the administration, his lordship says is was an open question whether Commissioner Booth assumed that attitude upon his own responsibility, without consulting the mayor or his colleagues on the council. He went on to point out that Commissioner Booth and the Mayor discussed police questions from time to time and in view of the fact that the commissioner looked on the mayor as his "boss" and in view of the notorious existence of prostitution in the city it was difficult to believe that the mayor was not aware of the attitude of the police in regard to it.

Although, his lordship adds, the mayor may not have intended that the police should go the length to which Chief Constable Lancelotti understood that he was authorized to go.

 Warner—Thurs.-Fri., Oct. 1 and 2.
 Grassy Lake—Thurs.-Wed., Oct. 6-7.

SPRUCEFLEA CAMP NOTES

PIGEON LAKE.

After having postponed their sports the second time, on account of bad weather, Sprucefleas pulled off a successful day on Tuesday, July 14. The first attraction was the baseball game between Spruce Lake and the first team, called at 10:30. This game brought out a large crowd, as well as a most enthusiastic bunch of rooters for both teams. Johnson, pitched gilt-edged ball for Spruce, striking out sixteen of the Spruce team, while the Rockers had only one strike out on his credit for Spruce Lake. The score was six to one in favor of the visitors.

The next event was the one hundred yards dash between Huber, of Wetaskiwin and Murphy, of the Bawlf team winning by a small margin.

The trot or pace horse race was won by W. T. Phillips.

At 2:30 Bawlf and Kilmarnock were the contestants for the second game of baseball. After seven innings of battle, the Bawlf team took the long end of the score, six to five.

At 5:20, the time for the ball game between Daysland and Sedgewick, rain began to fall, and kept at it just enough to prevent the game until 6:45. This contest went to Daysland, after a seven inning game, by a six to five score. Batteries for Sprucefleas were, Trish and Coburn for Daysland, Griffiths and Zimmer. Several boxing bouts were staged throughout the day and evening, no time being set and no champion being named, they all looked alike after each contest.

WOODSTOCK, ONT., JULY 18.—The army worm has invaded Oxford county and has become a real menace to many farmers in various sections.

Reports reached G. T. Green, the district agricultural representative, yesterday from widely separated districts in the county that the pest had got a foothold. On two farms near Northwood, those of James Beatty and Mr. Sims, the worms have appeared, while there is an army machine across the fields to the Holdsworth farm, near Vander. Four miles from Woodstock, on the road between Woodstock and East Zorra, the farmers are working hard to save their crops from the devastations of the enemy. In view of the fact that the worms were noticed in time, it is likely that the damage in Zorra will not be extensive.

RES

You will find relief in Zam-Buk! It eases the burning, stinging pain, stops bleeding and brings ease. Perseverance, with Zam-Buk, means cure. Why not prove this? All Druggists and Stores have it.

Zam-Buk

TOO MUCH RAIN NORTH TOO LITTLE IN SOUTH

"The crops in the district lying between Calgary and Edmonton are the best in the west."

This was the statement of the Alberta of G. F. Snyder, a well-known Edmonton citizen, on Monday after an extensive trip through Western Canada. He was as far east as Winnipeg and north as far as Grande Prairie and Peace River Crossing.

"I do not look for over a 40 per cent crop on the average in Western Canada," said Mr. Snyder. "In many parts of Manitoba drought has wrought havoc with the crops and the yield will not be over 50 per cent in my opinion. In Saskatchewan the crops in many sections look pretty good, and the yield will be about the same as in the west. In the opinion of conservative grain men."

"Alberta is less blessed than last year. While I have not travelled extensively through the southern part, I have been informed from what should be reliable sources that the yield will not be as heavy as last year. In the central part of the province, between Calgary and Edmonton, the crops will be up to the average. The rainfall in that district has been good, and the yield will be excellent if favorable conditions continue. I should say that the crop will average about 80 per cent of last year's yield in that part of the province."

"Although the crops looked very favorable in the country north of Edmonton in the spring, the northern districts have had too much rain. In direct contrast with the southern part, which suffered through a lack of early showers, the rain has been pouring down in the Grande Prairie and Peace River districts since the spring, and during the past 4-5 weeks have been altogether too heavy. The crops are flooded out in many places and the rain has been so bad that freighting has been held up. Much of the farm land now lies low up there and is easily flooded. The soil is excellent however, and under favorable conditions it is a good growing country."

STROME HAS GOOD CELEBRATION

After having postponed their sports the second time, on account of bad weather, Strome pulled off a successful day on Tuesday, July 14. The first attraction was the baseball game between Spruce Lake and the first team, called at 10:30. This game brought out a large crowd, as well as a most enthusiastic bunch of rooters for both teams. Johnson, pitched gilt-edged ball for Spruce, striking out sixteen of the Spruce team, while the Rockers had only one strike out on his credit for Spruce Lake. The score was six to one in favor of the visitors.

The next event was the one hundred yards dash between Huber, of Wetaskiwin and Murphy, of the Bawlf team winning by a small margin.

The trot or pace horse race was won by W. T. Phillips.

At 2:30 Bawlf and Kilmarnock were the contestants for the second game of baseball. After seven innings of battle, the Bawlf team took the long end of the score, six to five.

At 5:20, the time for the ball game between Daysland and Sedgewick, rain began to fall, and kept at it just enough to prevent the game until 6:45. This contest went to Daysland, after a seven inning game, by a six to five score. Batteries for Sprucefleas were, Trish and Coburn for Daysland, Griffiths and Zimmer. In view of the fact that the worms were noticed in time, it is likely that the damage in Zorra will not be extensive.

CAMROSE

(From The Canadian)

Dr. Lamb leaves today on a trip to his home at St. Andrews, N. B. He expects to return on August 5.

Dr. and Mrs. H. S. Cawsey moved to Calgary this week. Dr. Cawsey is connected with the veterinary department of the government.

Prof. Tandberg, who has been given a year's leave of absence from the faculty of the Lutheran college, left today on a short business trip to Outlook, Sask.

John T. Belsheim and Evelyn Harris, both of Thorne, Alta., near Hardisty, were married at the United Lutheran church on Tuesday evening July 14, by Rev. Mr. Fatland.

Nearly 100 from Camrose took advantage of the G.T.P. excursion to Toftdale's Orange Day celebration last Monday and all report a splendid day's outing.

With two medals and one company prize in their possession the Camrose cadets returned home on Tuesday after their outing at Edmonton where they spent a very enjoyable and profitable week.

At a well attended and enthusiastic meeting of Camrose business men held at the last evening it was decided to hold the postponed sports on Tuesday, July 28th. A number were in favor of holding the sports in connection with the Agricultural fair, which is to be held on August 20 and 21, but a number of objections to such an arrangement was a pointed out, and, on a vote Tuesday, July 28th was decided upon.

After a lingering illness, Miss Rose McNary, age 23, daughter of Mr. and Mrs. H. G. McNary, of Bitters Lake, passed peacefully away at the Douglas home in Camrose last Friday evening. Miss McNary had come to Camrose for medical aid and it was generally supposed she was improving. Interment took place at the Bitters Lake cemetery on Saturday afternoon.

Roy Williams, a young man of the Perintosh district, who has been under arrest on two more charges, had his preliminary hearing at Perintosh Tuesday on three similar charges, with the result that he was held for trial on two more charges, but the third was dismissed. There are now four charges against the young man. He has been held in the mounted police barracks at Edmonton and was escorted down to Perintosh to face these additional charges by Constable Nalder.

The case is causing much interest in the towns on the G.T.P. south of Camrose.

PRINCE OF WALES' CELEBRATION IS SOON CUT SHORT

London, July 11.—The Prince of Wales, 21 years old, since June 3, made his first serious attempt to be the man-about-town this week. Following in his grandfather's footsteps, however, was promptly nipped in the bud. The king and queen being away in Edinburgh, the young prince emerged unexpectedly, and, behind a big cigar was to be seen on "variety night" at the Palace music hall, accompanied by three young friends. The happy quartet were comfortably settled in the stalls to enjoy the first unattended visit to the theatre, when, halfway through the performance, a messenger promptly got up and departed—nor did he return. After a time his friends also faded away. The west end of London was crowded with university students for no undergraduate misses a rollicking time in town on "variety night." It is suggested that the young prince is under bond to be home by 5:30 every night and has overstayed his time limit.

Dr. Morse's Indian Root Pills owe their singular effectiveness in curing Rheumatism, Gout, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and cure Rheumatism.

WANTED—General Servant. Family of two. Good wages. Apply Box "B" Times. 17-tfn

SERVANT WANTED—For general housework. No children. Apply Dr. C. A. Gounin. 17-tfn

"Large tract of good valley farming land just thrown open for free settlement in Oregon. Over 200,000 acres in all. Good climate, rich soil, and does not require irrigation to raise finest crops of grain, fruit and garden truck. For large map, and a list of several sections of exceptionally good claims, send \$3.40 to John Keels, Oregon City, Oregon. Three years a U.S. surveyor and timberman. An opportunity to get a good fertile free homestead near town and market. 17-7c

SHERIFF'S SALE. Province of Alberta. To Wit: By virtue of a Writ of Execution issued out of the Supreme Court of Alberta, Judicial District of Wetaskiwin, at the suit of the Merchants' Bank of Canada, plaintiff, and Wetaskiwin Dairying Association and James Bradley, defendants, and to me directed against the lands of Wetaskiwin Dairying Association, I have seized and taken into Execution the following lands, namely:

Lots numbered 1, 2, 3, 4, and 5, Block 1, Wetaskiwin, Alberta, plan "M", excepting all mines and minerals which I shall expose for sale on Friday, the 14th day of August at the Court House, Wetaskiwin, Alberta at the hour of Eleven o'clock a.m. Sheriff's Office: May 25th, 1914. A. R. DICKSON, Sheriff

NOTICE TO CREDITORS. IN THE ESTATE OF JOHN (OR JAN) ERICKSON, late of the Postoffice of Gwynne, in the Province of Alberta, deceased.

NOTICE IS HEREBY GIVEN that all persons having claim upon the estate of the late JOHN (OR JAN) ERICKSON, who died on the 25th day of June, A.D. 1914, are required to send to ERICKSON DIMONSON of Wetaskiwin Postoffice or to the undersigned solicitors, on or before the 21st day of August, A.D. 1914, a full statement of their claims and of any securities held by them, duly verified and that after that date the Executor will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed, either with the said executor or with the undersigned solicitors.

DATED at the City of Wetaskiwin in the Province of Alberta, this 6th day of July, A.D. 1914. HENNING, JAMES & RUSSELL, Solicitors for the Executor. Approved Wetaskiwin, Alta. "W. A. D.L." 16-3c

HOW CITIZENS ROB THEMSELVES

The following article from the Calgary Standard is one that must make every thinking man pause for reflection. Many western towns and cities have people who complain of conditions locally but who have a enough civic consciousness to uphold their community by trading therein. The article is directed at Calgary but its application is wider, read. The Standard says: "In Calgary are to be found many persons who complain that times are so hard, and that money is 'tight', and yet these persons, because they are imbued with false ideas as to economy, will send to mail order houses for food, clothes and other adjuncts to 20th century life. If the postmaster could only furnish for a publication the list of those Calgarians who refuse to patronize home merchants and home industries, so as to give those who are being boycotted an opportunity to return similar treatment, most of those foolish people would be compelled to leave town, for they would no longer be able to secure the money that would make their own financial wheels go round.

It seems a pity that there should be Calgarians who are so disloyal to their own city and so short sighted that they should send money to other cities, and rob their own city and themselves indirectly of so much prosperity. Supposing everyone in Calgary took the same view. Why, if they did, this city would in a few years be as dead as Herculaneum or Pompeii. A city is largely founded on the support that is given by its own people. If they will not support it, who will? The mail order houses in other cities? Not one cent's worth. They are interested in Calgary only to the extent of the money that they can pull out of this city. As to putting money into this city, nothing is further from their plan of business.

The Standard goes to suggest to those who have been patronizing outside houses that they study the situation; that they figure out just what this business of sending money to other cities means. Supposing it is an owner of store property who is sending to the mail order houses. Does he stop to reflect that it is precisely because he and others like him, are not patronizing local merchants that rents are going down and that many stores are vacant? Then to one he does not link up the associated circumstances into cause and effect, and the hundreds of others who are doing just what he and his wife are doing, are responsible in large measure for the local financial stringency and for the debt business."

THE ATHABASCA TRAIL

(Sir A. Conan Doyle, recently holidaying in the Canadian West, has just written the following poem): My life is gliding downward; it speeds a swift to the day. When it shoots the last dark canyon to the plains of far-away. But while its stream is running thru the years that are to be, the mighty voice of Canada will ever call to me. I shall hear the roar of rivers where the rapids foam and tress, and I shall meet the virgin upland with its balsam laden air. And shall dream that I am riding down the winding windy vale. With the packer and the packer on the Athabasca trail.

I have passed the warden cities at the eastern water-gate, Where the hero and the martyr laid the corner stone of state. The habitation, courier-de-bois—and hardy voyager, Where lives a breed more strong at need to venture or endure? I have seen the gorge of Erie where the roaring waters run, I have crossed the inland ocean, lying golden in the sun. But the last and best and sweetest, is the ride by hill and dale, With the packer and the packer on the Athabasca trail.

Is the ride by hill and dale, Till dream again of fields of grain that stretch from sky to sky. And the little prairie hamlets, where the cars go roaring by. Wooden hamlets, and I them—no idle cities still to be, To stride stately Canada with game from sea to sea; Mother of a mighty manhood, Land of glamour and of hope, From the eastern sea-swept islands to the sunny western slope, Ever more my heart is with you, ever more till life shall fall. I'll be out with pack and packer on the Athabasca trail.

—Arthur Conan Doyle. Jasper Park, Alberta, June 16, 1914. Medicine Hat, July 18.—Two fatal accidents are reported in the surrounding country Friday. M. S. Schroeder, postmaster at Walsh, was drowned in Beaver dam, on Sarina ranch near Walsh; and a man named Henning, living near Walsh, was killed as he was struck through the heart by the accidental discharge of a rifle while coyote hunting.

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-atives" Have Proved Their Value In Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood.

Many people do not realize that the skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-atives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-atives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-atives" is sold by all dealers at 50¢ a box, 6 for \$2.50, trial size, 25¢, or will be sent postpaid on receipt of price by Fruit-atives Limited, Ottawa.

WITH THE PHILOSOPHERS

Horses don't; but girls always win on form. It doesn't take the man who knew it all long to tell all he knows. It is funny how marriage will make a red-headed woman out of a pretty blonde. This would be a fine world if people would lend more assistance and give less advice. Most of the things a married woman wants are always on the other side of a barbed wire fence. There ain't no such animal as a husband who is as perfect as his wife expects him to be. A silent man may not be a wise man, but the world always gives him the benefit of the doubt. If you must tell your troubles, hunt up a single man. A married man will regard you as a piker. A henpecked man's way on asserting his independence is to slam the door hard when he leaves the house. You can always make a hit with a woman by telling her that her head is light and her baby heavy. Every now and then nature goes on a bat and turns out a pretty man who should be wearing skirts instead of pants. Never dispute a girl's word when she tells you she is wearing up her own hair. Maybe she did pay for it out of her own money. The sort of man who is careful that he saves the match stick for kindling is the same fellow that keeps the get-rich-quick firms busy. A wife is a person who asks a husband if he doesn't think some other woman is pretty, so he will save his, and give her a chance to ball him out. There was a time when a woman wouldn't go out until her skirt had the right "hang," but nowadays the flopper the skirt looks the more stylish it is. When the woman next door has a little better clothes than the other woman, the other woman always claims to be the same fellow that keeps the get-rich-quick firms busy. A wife is a person who asks a husband if he doesn't think some other woman is pretty, so he will save his, and give her a chance to ball him out. There was a time when a woman wouldn't go out until her skirt had the right "hang," but nowadays the flopper the skirt looks the more stylish it is.

The Experienced Driver is the one who knows and values good harnesses. The best drivers in this city know and value our harnesses because they have tested it in the light of practical experience and long use and that they find it wears and stands up under the hardest conditions. Besides that, it has the smart and natty look you desire.

A PRETTY GOOD WORLD

This world's a pretty good sort of world, Taking it altogether. In spite of the grief and sorrow we meet, In spite of the gloomy weather. There are friends to love and hopes to cheer, And plenty of compensation. For every ache for those who make The best of the situation.

There are quiet nooks for lovers of books, With Nature in happy union; There are cool retreats from the noontide heats Where souls may have sweet communion; And if there's a spot where the sun shines hot, There's always a lamp to light it. And if there's a wrong we know ere long That Heaven above will right.

So it's not for us to make a fuss Because of life's sad mischances, Nor to wear ourselves out to bring about A change in our circumstances. For this world's a pretty good sort of world, And He to whom we are debtor Appoints our place, and supplies the grace To help us make it better.

GIGANTIC MONEY RAISING PLAN FOR ALBERTA FARMERS

Arthur J. Collins, enthusiastic live stock and agricultural possibilities of Alberta, will endeavor to negotiate several million dollars to be loaned to the farmer.

When interviewed by a reporter, Mr. Collins said: "I am opening a temporary office in the Tegner building, and will endeavor to get into personal communication with every farmer in Alberta who wishes to secure capital in the way of farm loans. Alberta being a newly settled country, is necessarily settled by a vast majority of people from all parts of the globe who are not over-burdened with ready money, and for that reason development and progress is very slow. We have sufficient grazing land in Alberta to pasture several million head of cattle and our beef is unsurpassed by none in the world, yet we raise scarcely enough for home consumption. We should be shipping thousands of head of finished beef to the markets of the world every month of the year.

We can raise grain enough to fatten hogs by the million and, considering our bad roads, it would scarcely be far more profitable to drive the live stock to the railways for shipment to the markets than it is to haul the grain to the railways which in many instances is quite a long distance.

Alberta has almost an ideal climate for all kinds of live stock raising. We never hear of such diseases among Alberta live stock as 7-year fever, scab, mange, black leg, lock-jaw, etc., and we do not have to contend with the great bands of Indian wolves which are so numerous in the bad lands of Montana, Wyoming, North and South Dakota, Idaho and Colorado, which literally kill stock by the thousands every year. In fact we have none of the disadvantages in stock-raising that our neighbors to the south have to contend with. Alberta contains approximately 142,000,000 acres of land, let us deduct from that \$2,500,000 acres for lakes and a d. sloughs, and we have left 139,500,000 acres, which is sufficient to mature millions of cattle, to say nothing of the millions of hogs, sheep and horses. Why, it is simply astonishing to think of the wealth that we could produce if our farmers had sufficient capital to develop their lands and to raise such live stock as the country is capable of raising. We have enough feed—pea vine and wild grass—to rot on the ground every year, which if the same were cut and baled would load a solid freight train that would reach from Edmonton to Hong Kong, China, and if fed to cattle would fatten enough beef to make a trail herd from Edmonton to Chicago. In making a comparison, I can remember when the states of Colorado, Wyoming, Montana, Idaho, Utah and Nevada were classed as the great American Desert, and were considered unfit for the American people to live in and only suitable for hunting grounds for the Indians.

Look at those states today. They are wonderfully rich in everything; they have gold, silver, and copper mines, the richest in the world. Agricultural possibilities practically unlimited because capital has come in and built irrigation ditches by the thousands of miles and by irrigation this ground has become very productive.

Railways now form almost a perfect network all over the entire desert and there are millions of well-to-do people making their homes over all portions of this vast desert. Future Alberta in comparison to vast sun-baked desert.

We do not have to build irrigation ditches only in very small portions of Alberta; the balance of the province gets abundance of rainfall, which is far more satisfactory than having to depend on a costly irrigation system. There is more feed grown on an average acre of Alberta land than there is on an average 100 in any of these states. We have abundance of railways and more rich soil in Alberta than in all the great American Desert States combined. Their mines of gold, silver and copper and other valuable minerals have required literally millions of dollars for development purposes and to put them on to a productive basis. The Anaconda mine alone, at Butte, Mont., required seven millions in development before it produced a single pound of copper. Our oil fields may develop as much or more wealth than all the mines of gold, silver or copper; those mines required large amounts of capital to develop them, just as our oil fields will require large amounts for development.

Since the source of all wealth is in the soil, and what it will produce, we certainly have literally millions upon millions of wealth lying undeveloped for hundreds of miles in every direction, but it requires capital for the farmer to get this vast area into production.

We must have capital, we must have help.

What could the farmers do in the way of producing wealth if every acre of land from Edmonton to the North Pole would produce wheat, provided the farmers did not have capital to secure stock and machinery with which to cultivate this land?

We in the west seem to require a great amount of capital since the country is so newly settled that a majority of the farmers have not been on the land long enough to produce a great amount of wealth.

WILSON'S FLY PAD POISON

Every ten cent packet will kill more flies than \$8.00 worth of any sticky fly killer. Refuse substitutes, which are most unsatisfactory.

the handicapped state of affairs. Why just the thought of us having to import thousands of dollars' worth of butter and cheese from New Zealand and the States every month seems ridiculous. We are also importing eggs, and many other commodities and necessities that could be produced here just as cheaply as in any other part of the world; we would then have the goods in the country as well as the cost price in buying the same.

If our country should be prosperous we must make it an export country instead of an import country. We cannot look to eastern Canada for financial support, because they are a little skeptical about our apparent fast growth and rapid development.

We are not so sure of our neighbors to the south wishing to help us out as they seem to be something of a jealousy existing between us. Yet I do not think they would let jealousy stand between them and an outlet for their surplus money when it could be loaned out on farm mortgages in this country at a much better rate of interest than can be obtained in the States, and really a very much better security.

Why is Canadian land better security than land in the States? Because it is better land and because the Torrens Title system is far superior to the title system used in the States. When one buys a piece of land in the States, it is necessary to employ the services of an abstractor and each and every transfer of that land has to be searched, in some cases dating back for a period of a hundred years or clear back to the original land grant. Furthermore, in most states these abstractors are not under bond and their service in most cases are very unsatisfactory.

However, I am contemplating opening advertising offices in New York and Chicago and possibly several of the other large money centres of the States, but if subsequent events prior to opening these offices should convince me that Germany or England affords a more promising field for advertising, we will open our offices there instead.

I do not constantly expect that England offers as good a field as Germany, for the reason that London being the greatest money market in the world, it usually has abundance of applications for loans, however since there has been no war in the far east for some time and as there has been no large bond issue floated in Germany, we feel that the German banks should by this time be looking for a field in which to place their surplus.

I want to co-operate with every farmer in Alberta in getting financial aid. We cannot expect help unless we ask for it. We have got to make a mighty effort and do some efficient advertising. We have got to let the financial or money lending people know our needs and acquaint them with our ability to furnish gilt edge security for the same.

I will ask each applicant to contribute a small amount, in any event the fee will not be more than three dollars. This money subscribed will be used to maintain our foreign offices, for advertising, expenses, etc., and when we interest a capitalist or banker we will pay all expenses for a trip of inspection over Sunny Alberta, and within a few months I will not be surprised if we should interest enough capital to amply take care of any and all applications that may be made.—Journal.

MILLET

Wednesday, July 15th was the occasion of a linen shower given in honor of Miss Marie Browning who is to be married to Clifford Wagner, of the Pine Knob farm, Millet. The affair took place at the home of Mrs. C. Comstock, who was assisted by Miss Myrtle Durham, Mrs. Wright and Mrs. Wagner.

The fun commenced in the following manner—Each young lady was furnished with a paper and pencil and asked to draw a picture of the bride in her wedding attire. The time limit for the sketches was five minutes and a prize was to be given to the best. The results were very amusing, Reta Disney being the recipient

of the first prize and Lila Browning of the booby.

There was a dainty luncheon served upstairs, the table being arranged for about twenty guests and looking very gay with table napkins at each plate decorated with the stars and stripes. In the centre of the table was a two-tier bride's cake topped with a beaming little kewpie extending his hands in welcome to all the fair guests.

After luncheon the young ladies were told to hunt for a man and the one who found "him" would be the next to marry after the bride. Thelma Browning was the lucky one who found "the man" hiding in the woodshed. Jessie Ellis was the one chosen for this part and much laughter ensued when a little later she was "snatched up" with Marie Browning in a mock ceremony. Myrtle Durham was the officiating clergyman and Bernie Comstock pulled the string which loosened the shower of dainty linen pieces which fluttered around the bride at the close of the ceremony from a large wedding bell. Tablecloths, traycloths, centre-pieces, dresser-scarfs, doilies, pincushion, pillow cases, etc., were among the gifts to the bride from her many girl friends. Miss Browning being one of the most popular young ladies in the Millet district.

"OLD SMOKEY" PROMINENT ON EDMONTON EXHIBITION HANGER

Tales of "Old Smokey's" jumping performance at the Edmonton Spring Horse Show of 1914 will be handed down through the years to come, and Old Smokey, who accomplished some of the most remarkable feats ever witnessed in the show ring, occupies the place of honor on the hanger for the Edmonton Summer Exhibition, August 1914 to 1915.

When "Smokey" surpassed even the most sanguine expectations of the assembled eyes of Alberta, the exhibition association felt that his performance was most typical of what was in store for visitors to the coming exhibition, and his photo taken while being ridden over the hurdles at the exhibition of 1912, by Miss Helen McDonald, was chosen accordingly. In every line of exhibit, in every class of amusement and entertainment, the association is preparing to surpass the expectations of everyone attending the fair.

As in the past, the Military Tattoo will be a fitting conclusion to the splendid program arranged for each evening. This will be conducted by Mr. Ross of Toronto, and will include regiments from the armies of England, Canada, Germany, France and the United States. A detachment of the Alberta Dragoons will engage in the tattoo this year, and the spectacular effect will be greatly enhanced thereby. The Alberta Dragoons will also put on a musical ride, both afternoon and evening every day of the exhibition.

The Parker shows which will occupy the midway are known from coast to coast, and need no further description.

Excursion rates have been arranged for all railways running into Edmonton, and visitors from outside points will be enabled to make their annual holiday trip to the Exhibition at a trifling cost.

Price lists may be obtained on application to W. T. Stark, manager, Box 216, Edmonton.

PROMOTION EXAMINATIONS

Through some inexplicable error, the report of the promotion examinations from Grade IV. to V., of the King Edward School, was omitted from the report last week. The report is as follows:

Grade IV. to Grade V.	
Henry Waterston	90.6
Elsie Eikerman	88.1
Edith Cook	87.6
Gerta Lindquist	87.4
Robert Waterston	86.7
Bryna Peterson	86.3
Lydia Shedin	85.5
Minnie Slater	85.7
Willie Olin	85.7
Evel Lindquist	85.1
Alex Hartness	78.6
Winnie Griffiths	81.6
Svea Ek	84.9
Turner Cook	84.7
Lee Bye	81.7
Willie Bleiler	69.
Ole Berg	59.5
Edith Bengstrom	68.2
Lillie Almgren	78.3
Alma Anderson	78.3

London, July 20.—The main feature of the emigration returns just issued is the remarkable drop in the Canadian figures during June and for the first six months of the year. The figures for June last year were 21,302 and last month it was 7,832. During the first six months of this year the number of emigrants totaled 52,200 or just over half the corresponding period of 1913.

Town Topics

T. Johnson, of Wetaskiwin, was here with a load of milk cows for sale on Tuesday, but the sports offered no attention of the crowd all day, and no sale was made.—Strong Dispatch.

Mr. E. J. Case, manager of the Imperial Bank of Canada, has been transferred to Athabasca Landing. Mr. Case's many friends will wish him all success in his new field. Mr. Wickens, from Vancouver, B.C., will succeed him.

Macleod, July 20.—Owing to the refusal of the banks to finance the usual prize money, the Macleod summer fair, which was to have been held on August 4, 5 and 6, has been cancelled.

The tax sale conducted by the city on Thursday last did not prove much of an attraction, as only about half a dozen properties were offered for sale. Since the advertising commenced, over \$10,000 have been paid into the city on account of arrears of taxes, practically all the amounts owing having been paid.

Local sportsmen are already turning their shooting irons in the direction of the ducks. The season opens on September 1 this year and sports will do well to note that infractions of the law will not be winked at. Present indications are that there will be plenty of feathered game and there is no hardship in anyone waiting for September 1.

BRITISH MANOEUVRES

SHOW GREATEST FLEET YET MASSES TOGETHER

Portsmouth, Eng., July 20.—For the first time since the huge mobilization manoeuvres began the whole British fleet in the Channel straited past the royal yacht today. Composed of 43 war vessels and in three divisions, the fleet was the largest yet massed together in the world.

The five battle ships and four battle cruisers averaged the heaviest and most powerful in the world, and the coterie of light cruisers and destroyers, mine makers and torpedo boats gave the finishing touch to quick and agile movement. It took the three home fleets two hours to pass the royal yacht. One behind the other they stretched out twenty miles.

An innovation in the naval manoeuvres was the introduction of extended aeroplane manoeuvring in conjunction with the mobilization of the warships. Twenty air craft of all descriptions were brought from Aldershot and other stations, and dispatched on mock scouting expedition in connection with the manoeuvres.

When the long procession of war vessels had gone by and the aeroplanes had soared overhead, His Majesty signalled to the fleet: "Thank you for a very impressive afternoon."

SIR WILFRED TO VISIT WEST IN EARLY AUTUMN

Ottawa, July 21.—Sir Wilfred Laurier, leader of the opposition, will visit the west during the early autumn months. His itinerary has not yet been fixed and the date of his leaving has not been decided upon. It is expected that it will be about the middle of August. Sir Wilfred will also visit many points in the western provinces and it has not been decided whether he will go east or west first. A number of the cabinet lieutenants will accompany the Liberal chief.

APPOINTED MANAGER FOR GRAND TRUNK PACIFIC HOTEL IN EDMONTON

A circular approved by Mr. Morley Donaldson, Vice-President and Manager of the Grand Trunk Pacific Railway, announces the appointment of Mr. Louis Low, as resident manager of the Macdonald Hotel, Edmonton. This is the latest of the splendid hotels which the Grand Trunk Pacific is providing for the travelling public in the Dominion and the finishing touches are now being placed upon it.

The site chosen for the hotel is possibly unequalled anywhere in the West, for it combines convenience to the business center with a wonderful outlook over the valley of the Saskatchewan river. The building has been located on McLaughlin Street almost at the corner of the river, and directly opposite the Edmonton Club. The site is ideal and the building was planned in such a manner as to take full advantage of the view across the beautiful river. The river, which bounds the hotel to the south, is a practical hotel man of wide experience. He was formerly in the Chateau Laurier at Ottawa and is latterly been Assistant manager of the Port Garry, Winnipeg.

CONSTITUTIONAL RIGHTS RESTORED ALL OVER MEXICO

Mexico City, July 20.—According to orders issued by President Calles to the governors of states and the military chiefs, the occupation of Vera Cruz shall be at once replaced.

Vera Cruz, July 20.—Lieut. Colonel Amuna, commanding the Federal army, announced that a proclamation has been issued at Mexico City by the Minister of war, granting all persons belonging to the so-called revolutionary forces permission to pass through the Federal lines, and proceed to whatever point they wish, either individually or collectively.

The only condition imposed is that they shall not carry arms. Colonel Amuna said that the new administration does not recognize the existence of a revolution, and considers all Mexicans on an equal footing as citizens.

"MINSTREL MAIDS" A DIFFERENT GIRL SHOW

Next Thursday evening, July 23 at the Angus Theatre, the attraction will be Grace M. Russell's "Merry Minstrel Maids," the dearest girl organization ever sent on tour. This company is a large one, each an artist. The novel first part has been commented upon most favorably in almost every city in the east. This company is now making its first western tour and comes fresh from a triumphant tour of the largest cities in the east and west. Records are being smashed everywhere and managers are calling for return dates. Miss Russell holds the unique position of being the only highly successful woman to handle and stage an attraction of this novel nature. There are twenty-four musical numbers interspersed throughout the two hours of music, mirth and melody. Watch for the novel street parade. Popular songs will be sung. Seats for sale at French & Thomas' jewelry store.

GWYNNE

A special meeting of the Gwynne branch of the U.F.A., was held at the home of Mr. A. T. Womack last Saturday morning. The meeting was then called upon A. V. Moan, who read an address expressing the sentiment of the union, and begged them to accept a beautiful marriage clock. This was immediately presented by W. G. Scott. Both Mr. and Mrs. Womack made suitable replies. A fine banquet was then served after which several speeches were made and a fine program of vocal and instrumental music was rendered.

EDMONTON LETTER

Edmonton, July 20.—Elaborate preparations are being made by the municipality of Edmonton and semi-public organizations for the entertainment of the Duke of Connaught, governor-general of Canada, and Duchess, during their visit to Edmonton on August 27. Mayor McNamara has proclaimed a public holiday.

Edmonton, July 20.—Ten million dollars, it is estimated by local contractors, will be expended in the province of Alberta this year by the Canadian Northern Railway company and subsidiary companies. The program includes the construction of a line into the Peace River country, north of here. The Canadian Northern Western Railway company, a subsidiary of the C.N.R., has received \$5,000,000 from the sale of bonds in England. Officers of the provincial government say at least 100 miles of railway will be built in Alberta during 1914.

PROVINCIAL LIBERALS MEET

A general convention of the Liberals of Alberta will be held at the Ashby temple, Calgary, on Wednesday, August 5, at 3 p.m., the gathering having been called by resolution of the executive committee of the Alberta Liberal Association. All Liberals of the province are invited to attend. In the event of a poll being demanded on any question, ten voting delegates will be in force on all railways.

Natural gas has been struck within the city limits of Edmonton. On Monday morning employees of the Northwest Electric company, 93 Griest street, heard gas whistling from the concrete floor of the basement. A match was applied and the gas burst with a flame three feet high. It is still escaping.

SITTINGS OF THE SUPREME COURT, APPELLATE DIVISION. Edmonton. Second Tuesday in September and January, and first in May. Calgary. Second Tuesday in November, and fourth Tuesday in February, and third Tuesday in May.

FOR TRIAL OF CIVIL JURY CAUSES

Edmonton and Calgary. Fourth Tuesday in October and third Tuesday in April.

FOR TRIAL OF ALL CRIMINAL CAUSES

Edmonton and Calgary. First Tuesday in October, second Tuesday in January, fourth Tuesday in March, and second Tuesday in June. Wetaskiwin. First Tuesday in September and fourth Tuesday in February.

MORE MONEY FOR FARMERS

Hon. Charles R. Mitchell, provincial treasurer for Alberta, announced at the annual banquet of the Liberal executive in Edmonton that the government will give its effort to secure more ready money for farmers of the province. He added: "Note that I do not say cheap money, because money is not cheap in this or any other country at the present time, and it is likely to become dearer. We are going to take some action along the lines recommended in the report of the commission which last year toured Europe in the interests of Alberta, studying the question of rural credit."

WETASKIWIN DRUGGIST HAS VALUABLE AGENCY

T. F. Ball, druggist, has the Wetaskiwin agency for the simple mixture of buckhorn bark, glysterine, etc., known as Adler-ika, the remedy which has become famous by curing appendicitis. This remedy has powerful action, does not cause any harm, and is of old matter from the body that JUST ONE DOSE RELIEVES sour stomach, gas on the stomach and constipation almost instantly. MEDICALLY, THE QUICK action of Adler-ika is astonishing.

Good Health Is Impossible Without a Healthy Action Of The Kidneys

When the kidneys begin to "act up" and fail to filter the blood through them, passes into the system uric acid and other waste poisons, which will cause some of the severest and most deadly diseases known to mankind. On the next evidence of the approach of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided. Mr. Israel Drost, Bath, N.B., writes: "I am sending you this testimonial telling you what a wonderful cure Doan's Kidney Pills made for me. About two months ago I was afflicted by kidney trouble. I used several kinds of pills, but none of them seemed to be doing me any good. At last I was advised to try a box of Doan's Kidney Pills. When I had taken the first box I found relief, and then I got another, and by the time I had taken it, I was completely cured." Doan's Kidney Pills are 50 cents per box, or \$1.50 at all druggists. Send direct on receipt of price by The T. M. Doan Co., Limited, Toronto, Ont. When ordering direct specify "Doan's Kidney Pills," J. H. H. Wetaskiwin.

CANADA LOSES \$50,000,000 A YEAR BY INSECTS

Ottawa, July 17.—Canada loses at least fifty million dollars a year through damage to crops alone from insect pests, according to a statement in the Agricultural Gazette, published by the department of agriculture, during their visit to Edmonton on August 27. Major McNamara has proclaimed a public holiday.

Another reason given for protecting the birds is the fact that many of them consume the seeds of weeds.

Y. W. C. A. STRATHCONA HOTEL

Young ladies attending school or Business College, or an one desiring a comfortable home during the Exhibition week will find the Strathcona Branch of the Y.W.C.A. a very convenient and pleasant home. It is situated on block south of the car line, Take High Level car. Terms very moderate. For further information address: K. L. Macleod, Sec., South Side Hotel.

BORN

SHARPE—At Stettler, on the 16 inst., to Mr. and Mrs. W. W. Sharpe a daughter.

The Supreme Court of Alberta 1914-1915

Sittings of the Supreme Court of Alberta, Appellate Division, and for the trial of causes, Civil and Criminal, and for the hearing of motions and other civil business, will be held at the following times and places for 1914-15. When the date set for the opening of a Court or Sitting shall commence on the day following such holiday.

Ayer's Hair Vigor

Glad to know you have used it. Tell your friends how it stopped your falling hair and greatly promoted its growth. Ask Your Doctor. Montreal, Canada.

GARDEN PARTY

The ladies of the Methodist church will hold a lawn social on the church grounds on the evening of Friday, July 31.

Camrose, July 17.—A new postmaster is in charge of the Camrose post office today. H. Poucar, who has held the position ever since the town started, has been retired, his successor being R. L. Rueston. A deputy from the post office inspector's office was here this evening and made the transfer.

The fly has long feathery antennae used in gathering minute particles of food. In these and the stiff hairs on the body lurk the disease germs that the house fly spreads everywhere he goes.

Concentration

It is better to advertise intensively than extensively when the sum to be devoted to advertising is small. This means the regular use of THE WETASKIWIN TIMES—52 messages a year addressed to the same constituency of readers.

Intermittent or divided effort is not likely to be successful. One full-powered blow is better than two half blows.

Concentration of appeal will do a work of conviction and persuasion that will surprise you when the year's returns are tallied up.

A WORD TO THE PUBLIC

There's advice for you in this little homily to advertisers; it is: Reward with a full—not divided—custom the merchant who steadfastly solicits your good-will. The more your strength on the hands of the man who serves you, the better will be the service returned.

MILLET JOTTINGS

(Intended for last week.)

A very successful picnic was held at Hillside Park on Wednesday last. The event was favored with excellent weather, and a good crowd attended from the surrounding district. Races and games were pulled off and a goodly number of prizes were distributed.

The new resident minister, who is the Rev. O. E. Mann, late of Vegreville, is now installed in the commodious parsonage, which for some time had been rented by Mr. Brooks, the school teacher. Mr. Mann has already begun to make his influence felt for good in the neighborhood, and good congregations attend the services at the Methodist church.

The severe storms of the past week have left their mark in a few instances west of here. Two or three farmers in the Bonanza Glen district came in for a share of the attention of a severe hail storm, which cut down a few fields of grain and destroyed some garden produce.

Crops on the whole are looking exceptionally well in this district and are in some respects ahead of last year, thanks to a plentiful rain. The hay crop is a good one, and in the dry weather now continues a good crop of fodder will be harvested.

Mr. Brook, who for the past year has done good service as school teacher for Millet, has removed with his family to a homestead north of Hardisty. Mr. Brook will teach school four miles from his homestead. Mrs. Brook will stay for a few weeks with friends in Wetaskiwin.

The Right Rev. Lord Bishop, of the diocese, accompanied by the English church curate, resident at Leduc, paid a visit to Millet on Sunday and preached a very acceptable sermon to an appreciative audience in the Methodist church. The service was followed by the administration of the Sacrament to the adherents of the Church of England.

The big celebration of pedigreed Ayrshire cattle came off last week on the premises of the Millet Farm Co. Ltd. Considering the importance of the sale and the expense entailed in advertising, the crowd was very small, consequently there was very little competition, and buyers had things their own way. The sale on the whole was a very disappointing one.

Upwards of 60 head of pedigreed cattle, consisting of first-class milk cows with high records, registered bulls, and fine sleek calves, were knocked down at astonishingly low prices. The highest price paid was \$200, which was paid for "Springbrook Lady Biddy" a cow with a splendid record.

"Hector," the fine pedigreed bull, was knocked down for \$100. He was purchased by the auctioneer, who declared he would take it home with him to Chicago where he could get \$500 for him.

Cows brought from \$125 down as low as \$45. Calves of various ages, including some splendid young bulls, went as low as \$20. The sale was without reserve and the cattle had to go. The auctioneering was done by a representative of R. E. Hager, of Chicago.

1,200 PASSENGERS
TAKEN OFF STEAMER
WHEN SHE STRUCK
Rimouski, Que., July 12.—The steamer Canada, of the Gaspe and Bale de Chaleux Company, Ltd., on her return trip from Montreal to Campbellton, N.B., struck the rocks off Cape Chatte last night in a dense fog a half mile east of Cape Chatte. The steamer Strathcona left Rimouski wharf late today to try to float the Canada. As the Canada went on the rocks at high tide, it is anticipated that the work will be difficult.

THE WHITE PLAGUE IN ALBERTA

To the Editor of the Capital:

From time to time the members of the Alberta Association for the Prevention of Tuberculosis are being asked what steps they are taking toward combating the disease, or if they are taking any? As vice-president of the board of control I have been requested to give to the public a brief report of the work accomplished and a statement of our plans for the immediate future.

It is the intention of our association to request the legislature of Alberta to erect, equip and maintain a provincial sanatorium on the 320 acres to be donated by the Dominion government. If this purpose we feel we will have the unequalled support of all right thinking rate payers in Alberta, whatever their political stripe. In order that there may be no question about this matter, will the medical associations, women's clubs, and citizens generally see that direct pressure is brought to bear upon the member for their constituency so that when he comes to the next session of the house he may know exactly how the voters stand. This should be attended to without delay, and early attention to it in our provincial and federal politics we Canadians are making the mistake of concentrating our attentions upon the morals and pretensions of candidates instead of judging government by what government does. Gains of men and progress of law are useful to us only when converted into deeds that make men freer in the enjoyment of health and earning power.

People who are a menace to the community because of brain disease are sent to Ponoka and paid for by the province if they cannot afford to pay themselves. People who are a menace by reason of smallpox, diphtheria or other infectious diseases are properly cared for and isolated by the authorities. The same principle should be applied to the treatment and cure for tuberculosis, the hideous, ever-present vampire which has threatened the vitality of our race. Because of the grip it has acquired, this is a problem beyond the capacity of private persons to solve and must inevitably be faced by the provinces and by the Dominion as a whole. It is no mere puzzle in pathology to be dealt with by specialists in hygiene or medical health officers, but is a matter of the gravest national significance and one which, if neglected, becomes in the widest sense a national calamity.

Many valuable lives are lost to the province between the ages of 20 and 35, as the disease is most commonly found among those in the third decade of life. In the year 1912, in Alberta, 241 people died of pulmonary tuberculosis, the loss by deaths to Edmonton alone without considering any other part of the province represents a sum sufficient to establish a well-equipped provincial sanatorium.

Our provincial government takes care to prevent noxious weeds and to generally preserve the wealth of the people within its borders, but take little, if any, thought to preserve the lives of the people. The folly of this is readily apparent when we consider that the wealth of the province is not only subordinate to the health of our province, but largely dependent upon it.

In times past, it was the habit of the world to lament that people were doomed with the chain of their industries. Nowadays, we are being tied and bound together to get improved health. Ours is the better way. Besides, this is the highest form of patriotism. To be worthy of Canada is to be efficient, and to be efficient is to be healthy. Patriotism in a cabinet minister or in a street sweep, consists largely in being healthy and in using vote and influence in helping others to the same standard and much to be desired condition.

Emily M. Murphy,
Edmonton, April 17, 1914.

RURAL SUMMER SCHOOL

The successful summer school has just been concluded at Dried Meat Lake in the neighborhood of Oatton. Some 75 students from Dayland, Havel, Sedgewick and Hardisty were enrolled. An important part of the program consisted of a series of discussions on the rural life problem of Alberta and the relation of church to it. These were conducted by A. E. Ottewill, secretary of the department of extension of the University of Alberta. A great deal of attention is being devoted to a study of this question by leaders in church and community work throughout Alberta. A large amount of material on the question has been gathered by the department of extension and request requests are being received for material and information.

Stettler, July 20.—On Sunday last a young man named Robert Gadsby of Gadsby, went with a companion bathing in the dam at Gadsby when it is supposed Grant was seized with cramps and was drowned in about 16 feet of water. His companion also had a narrow escape. Deceased was twenty years of age and employed as clerk in Gadsby's general store and was very popular. The remains will be shipped to Penhold for burial, where deceased parents reside.

Had a Weak Heart and Bad Shaky Nerves for Years

Milburn's Heart and Nerve Pills Cured Him

Mr. H. Percy Turner, Marie Joseph, N.S., writes:—I have had a weak heart and bad, shaky nerves for years, and have tried almost everything, but nothing did me any good till I was advised to try Milburn's Heart and Nerve Pills. I was surprised to find how one box helped me, so I tried two more and am now completely cured. You may use my letter as an aid to others suffering from heart or nerve troubles.

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
